Gentlemen:

As an outsider to your country one is obviously reluctant to express opinions about matters of domestic concern. However, the unsatisfactory response of the Government of Chile to the Report of the United Nations Ad Hoc Working Group on the Situation of Human Rights in Chile, the Inter-American Human Rights Commission and other non-partisan religious and humanitarian groups has led me to send the enclosed letters to President Pinochet and to the President and Ministers of the Supreme Court.

Perhaps your listeners will be interested to learn what others with no political axe to grind feel about the continuing disregard for human rights in Chile. As you can see from the enclosed newspaper clipping,, the majority of the Organization of American States also share this concern.

Sincerely,

Gitta Meier

(Mrs.) Gitta Meier
